

Safe-Lock Kamlok part C

Female coupler with smooth hose tail, suitable for safety clamp assembly including two handles with safety locking system to prevent unwanted disconnection of the coupling. Frequently used in critical applications in chemistry and petrochemistry to increase safety of employees and the environment.

Norm	EN 14420-7 (previous DIN 2828)
Material	Stainless steel (1.4408)
Working pressure	16 bar
Material seal/gasket	NBR
Colour sealing	Black
Material safety clip	Stainless steel (1.4301)
Material handle	Stainless steel (1.4408)
Quantity handles	2
Material ring	Stainless steel (1.4301)
