

## GANO - Nipple outside

Galvanized steel - Pull ring edge

GANO - Nipple outside

Nipple GANO is a spot welded nipple with pull ring edge/straight edge. The nipple fits on the outside of our pipes and parts and is used when adapting pipe lengths. Made of galvanized steel, with wall thickness 0.75 - 1.0 mm, depending on diameter. For larger diameters ask for quotation. Length = 100 mm
